Dear Family Café Attendees,

Since our beginning 20 years ago, The Family Café has relied on The Family Café Planning Committee to help make sure The Annual Family Café reflects the values, needs, and concerns of Floridians with disabilities. The Planning Committee is comprised of self-advocates, family members, fellow non-profits and state agency partners. It plays a central role in planning every aspect of The Annual Family Café, and making sure the event provides you and your family with an opportunity for Collaboration, Advocacy, Friendship and Empowerment in a family-centered environment!

We have done our best to put together an exciting, engaging event this year, and we think you will be impressed with the wide array of information and activities we’ve assembled. Our agenda of breakout sessions features some 200 sessions. Many of them are organized into “tracks” by subject area. They include Military Families, Smart Money, Mental Health, Employment, Disaster Preparedness, Advocacy, Youth, Recreation, Birth to Age Five, and our newest addition, Assistive Technology. To help you navigate the tracked sessions, we’ve added a new “track index” in the front of the program, that lists every session in a given track and tells you what page to turn to to find its description. No matter what type of disability you experience, what stage of life you’re in, or what disability topic interests you, you are sure to find sessions that speak to your needs.

We also have a series of keynotes that address essential topics in the disability community. On Friday, we will kick things off with author Steve Browne. He will share his story of the journey he has taken as a parent of a child with cerebral palsy, which he shares in his book How To Raise A Rocket Scientist for Fun and Profit. Next up will be athlete, self-advocate and activist Mia Ives-Rublee. She will discuss her work with the Women’s March Disability Caucus, and the process of connecting the disability and social justice communities. On Sunday, the final keynote will feature self-advocate Micah Fowler, star of the ABC Network sitcom Speechless. Micah and his sister Kelsey will talk about their experiences of chasing their dreams, and challenging assumptions about people with disabilities.

In addition to our series of keynotes, The Annual Family Café will once again include The Annual Governor’s Summit on Disabilities. The Family Café has always encouraged Floridians with disabilities and their families to develop relationships with their elected representatives and get involved in the policy making process. The Governor’s Summit on Disabilities creates a space to make that happen, with Governor Scott, incoming Senate President Bill Galvano, and state agency representatives sharing their vision for Floridians with disabilities, and hearing directly from attendees about their needs and concerns. We hope you take advantage of this opportunity!

When you’re not in a session, enjoying a keynote, or taking part in the Governor’s Summit, please take some time to visit the dozens of booths in our Exhibit Hall, which includes a wide array of organizations, including a host of self-advocate owned and operated Micro-Enterprises. We also encourage you to enjoy the adaptive recreation activities provided by our friends at the Florida Disabled Outdoors Association, visit the FAAST Assistive Technology Room, and watch the great self-advocate performances throughout the weekend.

It’s been our great pleasure and honor to create the truly unique space for people with disabilities and their families that The Annual Family Café represents for the past two decades, and we are so very pleased that you are on hand to celebrate our 20th anniversary with us. We sincerely hope that your participation in The 20th Anniversary Family Café leaves you feeling informed, educated and empowered. As always, please let us know if there is anything we can do to serve you better!

Yours,

The Family Café Planning Committee!
Dear Conference Attendees:

On behalf of the Florida Department of Education, Division of Vocational Rehabilitation (VR), I would like to welcome you to the 20th Annual Family Café Conference. This is such a wonderful opportunity to find information about the latest programs and resources available to individuals with disabilities and their families. You will learn about the resources and programs as well as inspirational stories that could assist you or your family, and most importantly, you will leave with a renewed sense of independence and unity.

VR is a state-federal program that works with individuals who have physical, mental health, or sensory impairments to assist with obtaining or maintaining employment. We are committed to assisting individuals with disabilities find meaningful careers. VR staff will be asking presentations throughout the conference and are available to answer questions about educational rehabilitation services. Be sure to take a few minutes to stop by our booth and say hello.

The 20-year celebration promises to be among the most exciting conferences yet! I hope you enjoy it.

Sincerely,
Allison Flanagan, MRC, CRC
June 15, 2018

Dear Family Café Participant:

Welcome to the 20th Annual Family Café! As Florida’s Surgeon General, I am excited to participate in this milestone anniversary. For the last 20 years, Family Café has provided opportunities to discuss programs and resources available in our great state to individuals with unique abilities and their families.

The Florida Department of Health (Department) is proud to participate in the Family Café by offering workshops and exhibit tables. We encourage you to attend and learn more about our programs that impact and benefit your daily lives. Staff from the Department also want to hear from you on ways we can continue to improve our programs to better serve you, your family members and loved ones with unique abilities.

For this conference, I hope you gain information, empowerment and friendship to assist you in living your healthiest life!

Sincerely,

Claudia Hager, M.D., M.P.H.
Surgeon General and Secretary
Dear Family Café Participants,

At the Florida Division of Emergency Management, our mission is to work together to ensure that Florida is prepared to respond to emergencies, recover from them, and mitigate against their impacts. Part of ensuring that Floridians are prepared is to build relationships with all Floridians. The Annual Family Café supports those relationships and provides participating families the opportunity to learn valuable information regarding disaster preparedness.

As the last two years have demonstrated, Florida is the most hurricane prone state in the nation. Every Floridian should have an idea of the risks that they face at home, and an emergency plan to enact if an emergency does occur. Your plan should include a disaster supply kit filled with items you may need if the power is out, or if you cannot access a grocery store, bank, or pharmacy in the immediate aftermath of a disaster.

This year’s Family Café once again features a disaster preparedness track, with a wide range of experts providing valuable information about how you can best prepare yourself, your loved ones, and your home in case of emergency. Our staff at this year’s Family Café will also be available in partnership with Volunteer Florida in the exhibit hall. I encourage all those in attendance to take advantage of the opportunity and learn as much as possible by engaging with DEM’s representatives and asking any questions you may have.

For additional information regarding disaster preparedness, hazardous weather and emergency management please visit www.FloridaDisaster.org. In addition, I encourage all attendees to explore information about the Florida Special Needs Registry at https://snr.floridadisaster.org. Please make sure you have registered yourself or any family members who might need assistance evacuating or sheltering during an emergency.

At the Division, we are always seeking ways to better prepare and protect all Floridians. With your help, we can build a culture of preparedness throughout our great state to help all Floridians weather the storm.

Sincerely,

Wesley Maul

Elevating Youth Advocates to Young Professionals: The Next Evolution
Elevating Lived Expertise through Coaching
On a cold winter day, in a little town in the mountains, a baby girl is born dead. Revived, brought back to life, her mother rescued from almost the same fate, the little baby not only survives but begins to thrive, in her own way, and at her own pace. Living with cerebral palsy, slowly she learns the basics of how to live, to walk, to talk, to find ways to adapt to a world made for normal people, ordinary people. Taught from an early age to believe in the magic of Disney, that if one truly believes, if one can dream it, one can do it, the little girl grows into a woman. In this keynote speech, author and lecturer Steve Browne will cover the highlights of his daughter’s incredible story, going from death to life and on to the stars. What were the lessons learned? And how can you think about maximizing the quality and options life has to offer to those people with special needs in your life? Come hear an incredible story that unfolds primarily through the eyes of a father who, in the end, has to admit that he did not so much raise his daughter... as she raised him.

Steve Browne is a frequent writer, lecturer and motivational speaker to the gaming industry. He has published two books on gaming service and sales. How To Raise A Rocket Scientist for Fun and Profit is his first novel. He holds a BA in English and Creative Writing from the University of Colorado. He lives in Nevada with his wife Robin and has two children, Katie May and Chris.

A limited number of complimentary copies of How To Raise A Rocket Scientist For Fun and Profit will be distributed at this keynote.

**The M.O.R.G.A.N. Project Sensory Room**
Friday, June 15
10:00-6:00
Closed for lunch from 1:00-2:00
Orlando Ballroom L & M

Join us for an indoor sensory wonderland that is 100% wireless, wheelchair-accessible, and created just for children with physical disabilities and sensory processing issues. Brought to you by The M.O.R.G.A.N. Project, this one-of-a-kind experience based on Snoezelen principals will help you learn how the multi-sensory environment can benefit a child with physical disabilities, autism, or other sensory processing disorders. Stop by for an opportunity for your children to decompress. (Parents are required to remain with children at all times.)

Early Steps, Early Wishes Playgroup
Friday, June 15
1:30-4:00
Regency Ballroom P

The Florida Department of Health, Children's Medical Services, Early Steps Program invites families of infants and toddlers with developmental disabilities or delays to attend a family-fun playgroup offering activities that include family photos, face-painting, puppet shows, adaptive books and toys, story time, and free play. During this event, families will be able to network with other families and interact with Family Resource Specialists and State Office staff. Children must be accompanied by an adult during the event.

What Are Some Untapped Disability Services in the Sunshine State, and How Can They Benefit Me and My Family?
Friday, June 15
1:30-2:30
Celebration 1

Floridians with disabilities are often unaware of services available to them free of charge from state agencies and private nonprofit organizations. This panel presentation will highlight services for persons with impaired vision, hearing loss, other physical disabilities, and mental processing challenges. Agency representatives and clients with experience navigating disability services and with community advocacy backgrounds will offer real-world advice and applications. Questions from the audience will be addressed, with Spanish language interpretation available. Following the presentation, eligible persons may apply for services. This is your chance to hear from our experienced and informed presenters.

Tactile/Hands-on Disaster Preparedness, Evacuation Planning, and Kit Building for Persons with Access and Functional Needs, on a Low Budget, Through Recycling and Free Items

Friday, June 15
1:30-2:30
Celebration 2

We will cover how to build an evacuation disaster kit through the use of hands-on materials and how to plan for disasters year round. We will teach you how to think outside of the box, to use recycling and free items you already have in your house in your disaster evacuation kit. In this session, you will learn how to reuse items you have that are lost, forgotten, and abandoned within your house. You will also learn how to use items you can get for free to add to your disaster evacuation kit. Finally, learn how to plan for a disaster in the event you have to evacuate, or if you have to shelter in place. We will cover what to do before a storm, during a storm, and how to survive after the storm for three days using a power generator, solar, trash cans, and a washing machine.

The Silent Epidemic: Abuse, Neglect, or Exploitation of Individuals with Developmental Disabilities

Friday, June 15
1:30-2:30
Celebration 3

Statistics reveal that a majority of individuals with developmental disabilities will be victims of abuse, neglect, or exploitation at some point in their lives. Bringing forth awareness is key in helping to develop and implement preventative measures to protect the health and safety of those individuals. This presentation will provide an overview of APD’s Zero Tolerance Initiative to end abuse, neglect, and exploitation.

Search for Resources
Friday, June 15
1:30-2:30
Celebration 4

The Agency for Persons with Disabilities has created two web-based tools to assist individuals with developmental disabilities and their families. The Community Resource Directory connects individuals with disabilities to available resources and organizations, as well as events in their respective areas. The directory features more than 8,000 resources, zip code search functionality, and door-to-door directions via Google Maps. Additionally, the agency recently launched the Florida Navigator, a tool designed to inform users on state government programs available in Florida. This tool provides a simplified path of information where users may tailor the results to their specific needs.

Orthopedic Treatment of Cerebral Palsy
Friday, June 15
1:30-2:30
Celebration 5

This lecture discusses the multiple musculoskeletal issues that arise in the growing child with cerebral palsy. Treatment of both the walking child and the sitting child are discussed. The topics include spinal deformity, hip pain, crouched gait, and toe walking, among others. Time will be available for questions.

Interstate Compact on Educational Opportunity for Military Children
Friday, June 15
1:30-2:30
Celebration 6

Participants will learn about the Interstate Compact on Educational Opportunity for Military Children. The Compact was developed in an effort to reduce the educational and emotional issues encountered when children of military personnel transfer from schools in one state to schools in another. It addresses the difference in requirements among states involving immunizations, the entrance ages for kindergarten and first grade, exit exams, and graduation requirements. It also includes provisions dealing with participating in extracurricular activities, course placement, enrollment in highly capable challenging programs, and other issues unique to the transitioning military family.
The Fresh Start Consumer Network of Florida (Statewide Consumer Network), established in 2006 and recognized/funded through SAMHSA in 2009 as Florida’s Statewide Consumer Network, focuses on its primary purpose of expanding its advocacy for culturally and linguistically competent services to underserved populations by developing and promoting activities and trainings throughout Florida, educating and empowering peers, and building new infrastructure that prioritizes peer and provider collaboration. This presentation will focus on education on Recovery Oriented practices, educating the community on the efforts promoted by Fresh Start Consumer Network, with a focus on establishing sustainable mechanisms for integrating the consumer “voice” in behavioral health systems and service delivery by preparing consumer leaders throughout the State of Florida through no-cost training, role modeling, and mutual peer support, in efforts of transforming the status quo towards a Recovery Oriented System of Care. Fresh Start also strives to promote skill development, with an emphasis on leadership and management, empowering consumers through training and support to ensure they are the catalysts for transforming the behavioral health and related systems in Florida, and to promote/increase peer services and the number of Peer Specialists in Florida’s behavioral health system of care that is truly person centered.

Advocating for Your Rare Disorder
Friday, June 15
1:30-2:30
Celebration 8

The National Organization for Rare Disorders Florida Volunteer State Ambassadors will speak to you about how to advocate for issues important to your family. Take your personal passion to improve the life of a loved one and turn it into effective advocacy on any level. Learn how to prepare an ‘ask’ and what should be done to prepare. This session will also provide examples of events you can hold in your local community to raise awareness about rare disorders or the issue affecting you/your loved one. Facts, figures, and talking points about rare disorders will be included as part of this presentation.
Dyslexia: Get the Facts
Friday, June 15
1:30-2:30
Celebration 9

Dyslexia affects up to 1 in 5 children in the United States. Myths about dyslexia are prevalent among parents and educators, and may be one cause of delayed identification and remediation of reading difficulties. Parents are often the first to notice their children’s difficulties and require accurate information to assist them in advocating for their children’s needs. In this engaging presentation, participants will learn the facts about dyslexia within the context of typical and atypical reading development. Topics will include contemporary research on the cause, characteristics, appropriate intervention and assessment, and policy related to the identification and diagnosis of dyslexia.

“Really, Sadiq?”—Addressing Special Needs Mommy (Caregiver) Fatigue
Friday, June 15
1:30-2:30
Celebration 10

“Really, Sadiq?” is an interactive, engaging, and fun presentation that tells the story of Tiffany Kelly and her 8 year old son, Sadiq, through the pictures of their life. Sadiq is an amazing, resilient, artistic, and comedic genius who had been diagnosed with ADHD/ODD and struggles with forgetfulness, behavior issues, teasing, socialization, and making and keeping friends. The objectives of “Really, Sadiq?” include: coping skills for parents (You want me to do WHAT??); helping educators help your child; and using you and your child’s struggles as fodder for humor and loving relationships. Most of all, we want to hear what works for YOU, the real experts, when it comes to our children.

The Autism, Anxiety, Disrupted Sleep Connection
Friday, June 15
1:30-2:30
Celebration 11

Our presentation seeks to help people understand a common similarity that people on and off the Spectrum who experience anxiety, sleep irregularity, lack of focus, etc. experience. We offer some suggestions for foods to embrace and avoid as well as some commonly known nutrients to help support natural processes in the body. We also offer simple recipes for quick and easy meal replacement snacks. One recipe is for a smoothie, and one is for a Paleo-type snack ball.

What is a Reasonable Accommodation at Work and How Do I Get One?
Friday, June 15
1:30-2:30
Celebration 12

Many job seekers and employees are unfamiliar with the term “Reasonable Accommodation” and don’t know they have the right to ask for one. We share clear examples of situations where accommodation at work makes all the difference in the world. We show you how to ask for an accommodation and describe the process. Learn key resources to get more information about what types of items and ideas can help you be successful. Assistive Technologies (AT) are one type of accommodation. Join us and try out some easy to use AT devices during this interactive session.

The Gardiner Scholarship and the McKay Scholarship
Friday, June 15
1:30-2:30
Celebration 13

The Department of Education’s Office of Independent Education and Parental Choice will present information about the Gardiner Scholarship Program and the John M. McKay Scholarship Program for Students with Disabilities. These programs were established to provide Florida parents and students with additional education options and they operate under the premise that parents should make decisions regarding their children’s education. The programs offer student-directed funding and parent-directed choices. The presentation will include a discussion of eligibility requirements,
application options, approved uses for scholarship funds, and parent responsibilities under the programs.

**Adulting 101: WIOA, Transition, and Finances for Students with Disabilities**

Friday, June 15  
1:30-2:30  
Celebration 14

In this session, we will discuss empowering individuals in making an informed choice regarding a young adult's transitional life choices. Topics include: transition, Florida's Vocational Rehabilitation agencies, the Ticket to Work Program, Work Incentive Planning and Assistance (WIPA), the Workforce Innovation and Opportunity Act (WIOA), Protected Medicaid, and Postsecondary Education Services and Support. The main goal of our presentation is to equip the attendees with basic knowledge of services and programs for the transition-aged student/adult.

**Behavior Management Tips for Parents**

Friday, June 15  
1:30-2:30  
Celebration 15

This workshop will help parents with some behavior management techniques and strategies that will work to reduce problematic behavior. We will discuss techniques such as setting limits, staying calm when your child acts up, rules, consequences, and consistency, using the Dr. Fred Jones parenting series.

How Work Incentives Can Work for You
Friday, June 15
1:30-2:30
Bayhill 17

If you receive SSI and/or SSDI, and are considering employment, this workshop gives you an opportunity to learn more about the Work Incentives that may be available through Social Security to support your journey. We'll explore ways to access the different incentives available, some of the “safety nets” in place, and how to work with a Community Work Incentives Coordinator or Community Partner Work Incentives Counselor to develop a customized employment plan. Join us for this interactive session and take the exciting first step towards a rewarding career!

Rest Quest
Friday, June 15
1:30-2:30
Bayhill 19

Are you exhausted? Drained? Depleted? This “special” journey can certainly consume our physical, mental, and emotional strength. Some days can simply be quite overwhelming. Using personal experiences and practical ways, we will explore how we can experience REST in all realms of our daily lives. We will learn ways to rest our bodies, recharge and recover our strength, and feel replenished for the journey ahead of us. Come and REST a while. You’ll feel lighter, swifter, and have more endurance for the race that is before us.

Your Winning Ticket: Making Work Pay – Understanding Vocational Rehabilitation, Social Security, Medicare and Medicaid Benefits Planning with Vocational Rehabilitation

Friday, June 15
1:30-2:30
Bayhill 20

In this session, we will discuss the employment of persons with disabilities and the impact of employment on Social Security benefits, Medicare, Medicaid and Medicaid waivers. We will provide updates to the programs including Partnership plus and upcoming changes. Experts from Vocational Rehabilitation and DCF/ACCESS will discuss how benefits are affected and can be maintained through Ticket to Work, SSI and SSDI employment support programs, and the use of trusts for maintaining Medicaid eligibility, all in plain and understandable language.

Your Dependent With Special Needs: Making Their Future More Secure

Friday, June 15
1:30-2:30
Bayhill 21

Families with children and other dependents with special needs, no matter what the age or disability, face many serious questions about how to best prepare for their future well-being. This workshop addresses such critical issues as protecting government benefit eligibility for Supplemental Security Income (SSI), creating Special Needs Trusts and the importance of a Will. The workshop will also address the ABLE ACT, a new law that allows qualified individuals with disabilities to have tax-
free savings accounts. Taking steps now can help arrange for a loved one’s well-being today and tomorrow.

Extended School Year: The Who, What, and When of ESY  
Friday, June 15  
1:30-2:30  
Bayhill 23

This presentation will focus on educating parents on their student’s right to education beyond the regular school day/year. Topics will include how to determine whether a child is eligible for ESY services, and if so, what amount and duration of services the school should be providing. The main goal of our presentation is to equip the attendees with the basic knowledge to be prepared to handle discussions with a school district related to the provision of ESY services.

Maximizing Advocacy and Positive Outcomes with Healthcare Providers
Friday, June 15
1:30-2:30
Bayhill 24

In this presentation, learn how to increase positive healthcare outcomes during interactions with your healthcare providers, using specific strategies to build positive relationships with them. These ideas can help you be a part of the healthcare team making critical decisions about your health, and not just the patient receiving medical care. Self-advocacy and healthcare advocacy will be explored as well as their connection to each other at each visit. Tips on how caregivers can be a great asset during appointments will also be discussed. Join Christinne for an hour of important and useful information you won't want to miss.

Hope, Love, & Me
Friday, June 15
1:30-2:30
Bayhill 26

I’m living with a mission to inspire others with a compelling personal story of turning tragedy into hope. At 18, I was paralyzed from the neck down after surviving a car accident due to underage drinking. With this unique second chance in life, I now work with Mothers Against Drunk Driving and a Safety Council to educate individuals and masses. I am driven to bring awareness to the importance of responsible driving and decision-making, so one less person wakes up to tragedy. I am also driven to help others find the hope in their story.

Imagining Success for All Families: Child Care Resource and Referral Can Help
Friday, June 15
1:30-2:30
Bayhill 29

Imagine families of children with special needs successfully navigating the early education and care systems available in Florida. Imagine these same families being connected to an array of services and agencies where they receive the information, support, and resources they need. This will become a reality with the right collaboration. Child Care Resource and Referral (CCR&R) connects families to community resources and financial assistance programs, provides consumer education, and assists families in locating quality care for their children. Family engagement is a top priority of CCR&R, working collaboratively with other supports, such as inclusion and infant and toddler specialists to support families and child care providers.

Have We Found the Holy Grail? The Promise of Improved Behavioral Health Treatments
Friday, June 15
1:30-2:30
Bayhill 30

What if there was a safe and healthy way to reduce and possibly eliminate your behavioral health medicine? Open Dialogues offers the promise of improved behavioral health treatment. You will learn about the ground-breaking Finnish research for treating psychotic schizophrenia with minimal medicines (and, in some cases, weaned and eliminated entirely). If one out of every five Americans suffers from mental illness at some point and we are successfully able to treat psychotic schizophrenia with the positive results that I will share — just imagine how it could revolutionize behavioral treatment. Come to this pioneering seminar and learn about the hope for improved behavioral health treatment.

Wildlife Show by Gatorland
Friday, June 15
3:00-3:30
Regency Ballroom

Be introduced to Florida’s most famous resident and watch as the excitement builds when an American alligator enters the room! You will meet an entertaining Gator Wrangler from GATORLAND who will share stories of close encounters with some of the world’s most feared predators. Then get ready for your own up-close encounter with an American alligator! Learn about wildlife native to Florida. Meet the reptiles, mammals, and birds up close and in person that you don’t see every day!

3:00 P.M. TO 4:00 P.M.  CONCURRENT SESSIONS!

What You Should Ask Your Special Needs Attorney
Friday, June 15
3:00-4:00
Celebration 1

You’ve scheduled your consultation with your special needs attorney. Now what? Join us to learn how to maximize your one hour consultation with your attorney so you can leave the meeting feeling satisfied and accomplished. The objectives will be to: Learn what questions you should be asking so your consultation is an efficient and cost effective meeting; Know what programs you should be exploring or pursuing and how to navigate the application process; Understand a general timeline or order of operations on what to be thinking about when thinking about planning for your child with special needs.

Self-Determination and Service Providers – Advocating Through Life’s Journeys
Friday, June 15
3:00-4:00
Celebration 3

This panel will discuss the challenges and successes of individuals who have had ups and downs along the path of life and who have found some innovative ways to live their lives. The panel will also discuss the importance of speaking up for yourself and working in partnership with service providers. The challenges of school, work, and the realities of day to day life and navigating through the decisions that make each person’s life unique will be discussed. Focus on self-determination, how to you keep yourself on that path and in control of your life. Audience participation will be encouraged. Denise Arnold is the APD Deputy Director of Programs and brings many years of experience in the field to serve as the moderator.

Application, Eligibility Determination, and Enrollment Requirements for Participation in APD Services

Friday, June 15
3:00-4:00
Celebration 4

This session will provide helpful information about who is eligible to receive services from the Agency for Persons with Disabilities (“APD”), the application and eligibility determination criteria, and the enrollment requirements for participation in Florida’s Medicaid Individual Budgeting (iBudget) waiver. The session will also cover the Waiting List for enrollment on the waiver, the Waiting List Priority Categories, and what happens when there has been a change in circumstance in the person’s life or that of their caregiver(s). The presenter will describe the various methods for waiver enrollment, including crisis, waiting list offers, transitions from Intermediate Care Facilities/Skilled Nursing Facilities to the waiver, Community Based Care to the waiver, dependents of active duty military service members, and individuals with Phelan-McDermid syndrome.

Guardianship

Friday, June 15
3:00-4:00
Celebration 5

This presentation will focus on legal decision-making assistance. In this session, we will cover alternatives to guardianship, guardianship, and guardianship advocacy. Participants will be introduced to materials from supporting choices, produced by the Florida Developmental Disabilities Council and Guardian Trust, including Lighting the Way to Guardianship and Other Decision-Making Alternatives, Planning Ahead, and Developing Abilities. Discussion will focus on alternatives to guardianship and advance directives, getting involved in the IEP/ITP process, and materials to assist in building independence skills. Resources will be provided to assist persons with disabilities, families, and providers in navigating the legal options.

Engaged-Active-Resilient (EAR)
Friday, June 15
3:00-4:00
Celebration 6

No matter the duration, separation is very challenging for families of our military members. During these difficult times, it is important for these family members to stay active & positive, and that they are able to do so together.

The EAR (Engaged-Active-Resilient) session offers information about programs and activities available for families of active duty service members, as well as Guard & reservist members throughout the state of Florida. Explore various ways to communicate. Develop stronger relationships through activities and interests. Build trust and responsibility amongst family members of all ages. Positive and resilient military families equal a strong mission-ready force.

Parents Helping Parents and the Gardiner Scholarship
Friday, June 15
3:00-4:00
Celebration 7

In 2014, as parents of new recipients, we had no consistent source of information on how to use this scholarship. Many other parents were in the same boat. We started a Facebook support group to share information. We have over 2,000 members, parents and providers, helping each other learn how to use the scholarship, submit claims, and get help when a problem arises. This is a no-drama group that works for positive changes in the scholarship. If you have or are seeking this scholarship, find out if this group is right for you.

AACID – Advocates for Adult Children with Intellectual Disabilities
Friday, June 15
3:00-4:00
Celebration 8

Come learn how this advocate group went from 12 to 150 family members in just 3 short years. Learn how to establish your own group, and the techniques that will make it successful, from its monthly meeting to its outreach in the community.
Imagine living in a state where systems work together and all services are seamless for families with young children. Florida has spent the last decade building an early learning system to support families. In this session, the Office of Early Learning will describe the efforts to create this collaborative system. We will provide an overview of the Florida Early Learning System and will focus on our reviewed Early Learning and Developmental Standards, Family Engagement and Support Program, Early Intervention Program and the Voluntary Prekindergarten Educational Program.

**Color Me Calm with Sound Health**
Friday, June 15
3:00-4:00
Celebration 11

“Color Me Calm with Sound Health” is a unique marriage of “healing arts” modalities, science, and arts rolled into one. In this presentation, you will learn about the modalities used by the presenter to help her overcome traumatic brain injuries and poor health. This approach is really a happy blend of the creative healing arts, developed over many years, and used with at-risk, special needs youth and adults in a Behavioral Health hospital setting. You will learn of the many benefits of Color/Chromatic therapy, enjoy the demonstration of Cheryl playing live therapeutic music with her Native American and silver alto “Magic Flutes,” and get to learn a few of the movements so you can take them home with you to practice for right/left brain integration!

**Behaviorally Challenged Students, Advocating for Appropriate Supports**
Friday, June 15
3:00-4:00
Celebration 12

Students with behavioral health needs are often removed from the classroom missing out on important instructional time. Many students are suspended, expelled, Baker Acted, or arrested for manifestations of their disability, and their behavior is often misunderstood. Learn how to advocate for appropriate supports and services, and when to request a Functional Behavior Assessment and Positive Behavior Intervention Plan. Also covered will be restraint and seclusion and how to keep your child safe. The presentation will allow for open dialogue between presenter and participants.

**Getting Hired: A Job-seeker’s Guide to Navigating the Hiring Process**
Friday, June 15
3:00-4:00
Celebration 13

This session will cover a general understanding of the ADA, knowing your rights as an applicant and employee, knowing how to apply for rehabilitation services, self-advocacy strategies to request a reasonable accommodation, what information to disclose during the interview process, how will being employed affect government subsidies, etc.
Think Pawsitive: Service Animals, Emotional Support Animals, and Places of Public Accommodation
Friday, June 15
3:00-4:00
Celebration 14

This session will explain the use of service animals and emotional support animals in places of public accommodation in accordance with the Americans with Disabilities Act. Topics will include: definition of a service animal, definition of an emotional support animal, and accessing places of public accommodations; schools, court houses, hotels, stores, public transportation, etc. as well as the use of service animals in housing scenarios. The main goal of our presentation is to equip the attendees with the basic knowledge of rights of the individual adult who may require assistance from a service animal in his/her life.

Shaping Behavior with Apps for iPad
Friday, June 15
3:00-4:00
Celebration 15

This workshop will help parents use iPad apps to shape their child’s behavior. There are many apps available to use for scheduling, timers, rewards, and organization. This would be especially helpful for parents with children with Attention Deficit Hyperactivity Disorder (ADD or ADHD), Autism (ASD), Asperger’s, Specific Learning Disability (SLD), or Emotional Behavioral Disability (EBD). So bring your iPad and let’s find the apps!

You Can Do It Too!
Friday, June 15
3:00-4:00
Bayhill 19

I came from a home with eight brothers and sisters, and not a good background. When I was in school, I couldn’t read, write, or spell very well. At one point in my life, I was selling drugs for a living. I began working in a youth program to better my job skills. As of now I am working with the homeless population at the Philip D. Lewis Center. I have attained a four year degree in Business and Supervision. Most importantly, all the things that I have been through have helped me to believe in myself. I am an individual whose personality desires to be successful in life. Also, I want to show other people with disabilities that it is possible to overcome obstacles and have a positive attitude throughout the process. I would like every person that hears my voice and gets a chance to talk to me to realize that their child, no matter how young or old, can overcome any obstacle they face.

Vision Planning: An Essential Element of Your Special Needs Planning Process
Friday, June 15
3:00-4:00
Bayhill 21

Do you have a Vision Plan for your child? During this workshop style breakout session, you will learn why the Vision Plan is one of the most important aspects of planning. You will walk away with a completed Vision Plan for your child and their future. This essential step of the planning process describes what a great life for your child looks like and what the hopes and dreams are for his/her
future. The Vision Plan is necessary to start your planning process, as it guides the remaining steps and decisions in your Comprehensive Special Needs Planning Process. This session will be most impactful for parents and self-advocates who have not transitioned out of High School. **Please bring a laptop, tablet, or mobile device that can be connected to the internet to complete the vision plan**

**Today’s Tools for Future Success**  
Friday, June 15  
3:00-4:00  
Bayhill 22

The session will provide valuable information about Social Security work incentives that are available to disabled beneficiaries and how they can be used to secure your future through employment. SSA has many different work incentive programs to fit the needs of disabled beneficiaries who desire to have a future of being self-supporting through work. There are work incentives available for both of SSA’S disability programs. Come and hear what’s available to help you.

**Social Opportunities for Individuals with Disabilities Via Online, Tabletop, and Video Gaming: An Overview**  
Friday, June 15  
3:00-4:00  
Bayhill 23

Many individuals with varying disabilities enjoy and engage in many different forms of gaming—whether it is tabletop, online, or video gaming. This has led to many individuals with disabilities attending gaming events and participating in online gaming sites, which have given them opportunities to improve their social functioning, and the opportunity to build friendships with people with and without disabilities through gaming. In this presentation, listen to a gamer with a disability discuss how people with disabilities can utilize their interests in gaming to develop greater social skills, build and make lasting friendships, and improve their overall social functioning.

Realizing the Dream: Opportunities for Youth with Intellectual Disabilities in Postsecondary Education
Friday, June 15
3:00-4:00
Bayhill 24

This session will provide an update on implementation of the Florida Postsecondary Comprehensive Transition Program Act, and the Center’s work to implement and manage application for and approval of Florida Postsecondary Comprehensive Transition Programs (FPCTPs), distribution of scholarships to eligible students with intellectual disabilities attending the programs, and award and distribution of start-up and enhancement grants regarding FPCTPs. Information regarding key program characteristics, student services, credentials and certificates, data collection on student success, and scholarship awards will be provided.

The Secrets of “Letting Go” and Flourishing in a Planned Residential Community
Friday, June 15
3:00-4:00
Bayhill 25

Noah’s Ark has been a pioneer in making planned residential communities a reality in Florida. Ironically, the first residents moved into The Villages at Noah’s Landing on “Independence Day” in 2016. There have been trials and tribulations and much has been learned. By attending, you will discover how best to prepare your loved one to live independently when you are no longer able to care for them. You will hear from actual residents how their quality of life has been enriched by moving into a community with their peers. You will discover a community many describe as “country club living.”

What Parents Need to Know about Graduation Requirements
Friday, June 15
3:00-4:00
Bayhill 26

Graduation requirements change from time to time based on legislation. Each year, the Florida Department of Education publishes a flyer that describes the high school graduation requirements for students entering grade nine. This training was adapted from an online professional development course developed in partnership with the Project 10: Transition Education Network, the Florida Department of Education, and The Personnel Development Support Project at the Florida Center for Interactive Media. This training will focus on topics related to graduation requirements including college and career readiness skills; graduation rates for Florida’s students with Disabilities; Florida high school completion options, including those restricted to students with disabilities; and the necessary criteria for students with disabilities to defer receipt of the standard diploma.

Trauma and Individuals with Disabilities
Friday, June 15
3:00-4:00
Bayhill 30

This presentation will introduce a brief overview of trauma and why everyone should be aware of its importance. What is trauma and what are some possible causes of trauma? We will discuss the importance of taking trauma into consideration in all aspects of life and care, the potential effects of trauma, potential causes and the impact of trauma specifically on individuals with disabilities, available therapies for trauma, and the definition of trauma-informed care. Available resources related to trauma-informed care will be provided.
The Story of Logan and LoganTech
Friday, June 15
3:00-4:00
Blue Spring II

Logan Dobbs has severe autism and is completely nonverbal. His father, Glen Dobbs, invented a communication device called the ProxTalker to give Logan a voice. Mr. Dobbs will talk about his family’s experiences in seeking services for Logan, the way the Logan ProxTalker was developed, and how LoganTech blossomed into new branches of technology helping many people with various disabilities live a better life through technology. Attendees will gain insight into how to seek services for their family members with disabilities as well as how to make good informed decisions when selecting assistive technology.

Getting the Services You Need from the Florida Medicaid Developmental Disabilities Individual Budgeting (iBudget) Waiver
Friday, June 15
4:30-5:30
Celebration 1

Discover advocacy tips for individuals who are applying for or receiving services from the Florida Medicaid Developmental Disabilities iBudget Waiver. The focus will be on preparing for your application, when to complete a crisis application if you are on the iBudget Waiver Waitlist, and when to make a significant additional needs funds request. Participants will also be provided with a general overview on how to request and prepare for an appeal following a denial or service reduction.

**Easy, Everyday ACTIVITIES to Improve Social ABILITIES**
Friday, June 15  
4:30-5:30  
Celebration 2

Does your child/student (or yourself) have difficulty making friends, comprehending stories, or participating at lunch/recess/outings? You will immediately leave this presentation ready to use many easy suggestions (preschool-adult) that promote social development, life/organizational skills for home and community, and academics. These activities (i.e. bowling, games, parties, gardening, eating out) address hygiene, responsibility, jobs, telephone/email skills, and even punctuation, summarizing, and measuring. Flexibility, perspective-taking, using your eyes, brain and body, inferencing, social problem solving, understanding the big picture, humor and relationship building can easily be integrated into your everyday life, even in the car.

**Understanding Social Security Work Incentives**
Friday, June 15  
4:30-5:30  
Celebration 4

One of the greatest myths that’s ever been told is that people with disabilities can’t work and receive Social Security benefits. This workshop will explain how Social Security work incentives can be instrumental in helping individuals maintain their benefits. People often worry about losing their medical coverage. The workshop will assist in educating communities and families about employment and how individuals can work over 15 hours a week and earn above minimum wage. The training will encourage people with disabilities to live, learn, and work in their communities.

Katrina Washington  
Agency for Persons with Disabilities
**Understanding APD Services**
Friday, June 15
4:30-5:30
Celebration 5

Learn how the Agency for Persons with Disabilities (APD) works in partnership with local communities and private providers to assist people who have developmental disabilities and their families. In this session, we will discuss how APD provides assistance in identifying the needs of people with developmental disabilities for supports and services. Join us as we identify creative supports that may be available for individuals with a developmental disability. Some of the services available through APD are companionship services, personal assistance, job coaching, personal trainer services, and self-advocacy training, to name just a few.

**Resources for Military Families**
Friday, June 15
4:30-5:30
Celebration 6

Being part of a military family can be filled with many surprises, challenges, and opportunities. Part of the military life is moving to new locations every few years, or even more frequently. This can be a bit more challenging when there’s a child in the family who has a disability. Fortunately, there is assistance available to support military families. Join us to learn about organizations and resources that will be of help.

How to Use Meditation and Mindfulness for Anxiety Management
Friday, June 15
4:30-5:30
Celebration 7

Meditation and Mindfulness are practical and powerful practices that can be used when guiding gifted teens and adults. Anxieties, stress, and sensitivities often pose challenges in daily living and relationships. This workshop style presentation presents specific meditation practices that help with self-soothing, perfectionism, anxiety, and concentration challenges. Each participant will have the opportunity to identify personal challenges and then be able to learn a targeted practice for their specific need. Participants will be guided through four specific meditation methods and their benefits that offer solutions for many of the challenges for people with intensities.

Who Are You? Identifying Yourself as an Advocate
Friday, June 15
4:30-5:30
Celebration 8

As an advocate, the most important thing is to find your voice. It is just as important as an advocate to figure out what your role is. It is much more than just a voice piece. A sound to be heard. An advocate is so much more. I will explain what an advocate is and what it isn’t, going beyond the definition and personalizing it in the process.

Jeremy’s Journey – Through Early Steps and Beyond
Friday, June 15
4:30-5:30
Celebration 9

Presented by an Early Steps Resource Specialist, this workshop will share a personal story about Jeremy, who had a brain bleed prior to birth and was not expected to live. He is now almost 17 years old and has defied the odds in regards to medical challenges and developmental milestones. Jeremy and his mom will share their triumphs and experiences learned with navigating Early Intervention, Medical Insurance, SSI, and IDEA. Jeremy is a young man with Hydrocephalus, Cerebral Palsy, and Epilepsy. Come and be inspired and learn the ropes of how to advocate and collaborate to help your child with special needs. Jeremy is now in high school and is on the Principal’s List. He has learned (by watching his mom) how to advocate for himself and loves to dress up as HUGGLES the Mascot to overcome Sensory Integration Disorder. He is also an avid Star Wars fan. The Force is strong with this one!

**WellCare’s Community Assistance Line: Getting You Connected**
Friday, June 15
4:30-5:30
Celebration 12

Are you in need of support but don’t know where to turn? WellCare offers a Community Assistance Line—a toll-free, nationwide line open to the general public—that offers real-time assistance to connect you to resources in your community such as food, financial assistance (utility or rent), transportation, education, support groups, respite care, and more. Our liaisons work one-on-one with you to problem-solve and refer you to nearby social services and agencies. Our goal is to get you to the right services at the right time, so that you and your family can prioritize just that—your family.
Give us a call at 1-866-775-2192, Monday-Friday, 9 a.m.-6 p.m. EST. We’re here to help!

Get the Skills to Land your First Job or Advance in your Current Job  
Friday, June 15  
4:30-5:30  
Celebration 13

Many of us think of skills as special abilities that are needed to complete a job, such as a pilot’s ability to fly a plane, or a mechanic’s ability to repair a car. However, many of the most important skills needed in today’s workplace are those that help us work well with others, manage time and resources, or adapt to change. These are “Soft Skills,” and this workshop will review the importance of having those essential soft skills to get and keep a job.

Preparing Teens for Transition to Adult Health Care: 10 Steps to Successful Health Care Transition  
Friday, June 15  
4:30-5:30  
Celebration 14

The best way to ensure good health in adulthood is for teens, as developmentally able, to understand their health needs and become active participants in health care decision-making. Florida Health and Transition Services (HATS) supports young Floridians, including those with disabilities or special health care needs, as they transition from child-focused to adult-oriented systems of care. We will discuss the importance of preparation for health care transition; describe how providers, teachers, and caregivers can help youth become more independent in managing their own care; and demonstrate tools and resources that can assist in the process.

When Less is More: Using More Planning With Less Restrictive Alternatives to Avoid Court, Save Money, and Preserve Independence  
Friday, June 15  
4:30-5:30  
Bayhill 21

This breakout will focus on a discussion of the use of less restrictive alternatives to involuntary guardianship, such as powers of attorney, advance directives, and trusts as planning tools to avoid court, as well as the guardian advocacy process as a less restrictive, less intrusive form of guardianship when a guardianship is deemed necessary. The discussion will also involve planning methods to provide for an adult disabled child if the parent decision-maker becomes incapacitated or...
dies. The focus will be on preparation using multiple legal tools to put a solid plan in place for peace of mind for the entire family and will include review and discussion of sample planning documents.

**ABLE United: The Basics on ABLE Accounts**

Friday, June 15
4:30-5:30
Bayhill 23

The Achieving a Better Life Experience (ABLE) Act allows individuals with disabilities to save money tax-free for a wide variety of future expenses—including transportation, housing, and education—while maintaining benefits, such as SSI and Medicaid. ABLE United, Florida’s qualified ABLE program, provides opportunities and can change the way you plan for short-term expenditures and establish long-term savings. In this session, we’ll discuss everything you need to know about the ABLE Act and how you can start achieving a better life experience through ABLE United.

The Importance of Finding Support on the Journey of Raising a Child with Special Needs
Friday, June 15
4:30-5:30
Bayhill 24

The journey of raising a child with special needs comes with many ups and downs, joys and sorrows. Finding support on this journey is vitally important. Being an occupational therapist gave me the skills to know how to care for my son, but that did not prepare me for the emotional toll this journey would take on me. Learn how find support, resources, and hope on this journey of raising a child with special needs through finding or starting a support group in your area.

Navigating the Transition Process and Vocational Rehabilitation
Friday, June 15
4:30-5:30
Bayhill 25

Navigating the transition process is challenging. Knowing what to do to ensure appropriate transition planning from high school to post-secondary education and employment, TIEPs (Transition IEPs), and services provided by Vocational Rehabilitation, the Client Assistance Program, and updates to the Workforce Innovation and Opportunity Act (WIOA) will be covered.

A Life-Span Approach for Individuals with Cerebral Palsy
Friday, June 15
4:30-5:30
Bayhill 26

Without question, the ongoing studies of cerebral palsy have resulted in many strides being made towards optimizing programming and outcomes for those living with it. One fact that has become increasingly evident is that individuals with cerebral palsy and other developmental challenges achieve greater overall success when a life-span approach to services is adopted. Please join us for an enlightening and informative discussion of one agency’s move towards a life span approach to services for those with cerebral palsy and related disabilities.

Education and Employment After High School
Friday, June 15
4:30-5:30
Bayhill 28

Figuring out the path after high school is never easy. Navigating the workplace can be even harder. Marino Campus is a postsecondary educational opportunity helping people with autism and other disabilities gain employment and independence. During this session, members of the Marino Campus alumni and staff will tell you about their personal and professional experiences on what to expect when joining the workforce.

Florida’s Behavioral Health System for Children, Youth, and Young Adults
Friday, June 15
4:30-5:30
Bayhill 30

Florida’s behavioral health system has undergone significant changes over the last five years, resulting in a system that is confusing and challenging for parents, caregivers and professionals assisting them. This presentation will provide an overview of Florida’s current behavioral health system for children, youth, and young adults. Participants will learn about what agencies provide behavioral health services, what services and supports are covered by the department, and how to access them. In addition, the presenters will provide resource information targeted to parents, caregivers and youth. The presentation will also provide an overview of System of Care Principles which the Department of Children and Families is working to infuse into the service delivery system.

Surviving Accidental Submersion (SACS) Aquatic Therapy
Cures Paralysis
Friday, June 15
4:30-5:30
Quiet Pool

Rehabilitation in an aquatic environment provides patients with a unique medium for neuromuscular reeducation and strengthening for children with medical and orthopedic conditions as well as neurological disorders that may reduce the ability to bear weight on the legs, tolerate impact exercise on land, or move against the forces of gravity. We create a special swim program that is designed to provide an educational and therapeutic environment for children with special needs. Surviving Accidentally Clothes Submersion (SACS) is incorporated in all of these important goals.

5:30 p.m. to 5:45 p.m.  Brazilian Voices, Foyer
6:00 p.m. to 8:00 p.m.  The 20th Anniversary Governor’s Summit on Disabilities, Plaza International Ballroom
Join us for The 20th Anniversary Governor’s Summit on Disabilities, featuring Governor Rick Scott.

Beginning with The 1st Annual Family Café in June of 1999, The Family Café has upheld the tradition of creating a space where our attendees can connect with the elected officials and policymakers whose actions so profoundly impact individuals with disabilities and their families.

The Annual Governor’s Summit on Disabilities presents a unique opportunity to hear from leaders of both the Executive and Legislative branches of our state government, as well as representatives of multiple State Agencies that serve people with disabilities in our state. Here in our 20th year, we are very proud to continue the practice of connecting Floridians with disabilities with decision makers at the highest level of state government, to foster a productive dialogue about the issues facing Floridians with disabilities, and the impact public policy has on their daily lives.

The Family Café is pleased to once again welcome Governor Rick Scott. Governor Scott was elected to office in 2010, and is now in the final year of his tenure as Florida’s chief executive. He will be joined by leaders from State Agencies that serve Floridians with disabilities. Together, they will share their vision for our state’s service delivery system, and their thoughts on building more inclusive, accessible communities throughout Florida.
Governor Scott and State Agency leaders will be joined at the Summit by incoming Senate President and former Senate Majority Leader Bill Galvano. Senator Galvano was first elected to the State Senate in 2012, and serves as Chairman of the Appropriations Subcommittee on Higher Education, and a member of Committees on Appropriations, Education, Governmental Oversight and Accountability, Rules, and Transportation, as well as the Appropriations Subcommittee on Transportation, Tourism, and Economic Development, and the Joint Legislative Budget Commission. Senator Galvano will share the legislative perspective on disability issues.

The 20th Anniversary Governor’s Summit on Disabilities promises to be both informative and memorable. The Family Café is committed to helping policy makers to understand what daily life is like for the people with disabilities and families that they serve, and to giving our attendees a chance to better understand the policy making process by hearing from the Governor, Legislators and State Agency representatives directly. We sincerely hope you take advantage of this opportunity to have your voice heard at The 20th Anniversary Summit on Disabilities!

The 20th Annual Summit on Disabilities will feature a musical performance by Staar Fields. She is a singer songwriter, and the parent of a child with autism, and she is excited to spread her message of hope and encouragement with everyone at The Family Café. For more information, visit staarfields.com.
Mia Ives-Rublee has dedicated her life’s work to civil rights activism. She began her journey as an adapted athlete, competing internationally in track, road racing, fencing, and crossfit. She obtained her Masters in Social Work and began working with people with disabilities to help them find employment and independence in their communities. She worked as a research assistant at UNC Chapel Hill Department of Emergency Medicine and researched mental health crisis interventions. Mia does public speaking across the country on issues related to social justice and enabling everyone to participate fully in all aspects of society. More recently, she began working for Women’s March, founding and coordinating the Women’s March Disability Caucus. She helped coordinate accessibility services for over 41,000 Disabled people at the first Women’s March on Washington and continues to advocate that Women’s March remain fully inclusive. For her work on the Women’s March on Washington, Mia was named by Glamour Magazine as one of 2017’s Women of the Year Award.

Not all superheroes wear capes, but a lucky few of the attendees at Saturday’s keynote will! The Family Cafe will distribute a limited number of superhero capes to our heroes in the audience!

### The M.O.R.G.A.N. Project Sensory Room

**Saturday, June 16**

8:30-5:30

Closed for lunch from 1:00-2:00

Orlando Ballroom L & M

Join us for an indoor sensory wonderland that is 100% wireless, wheelchair-accessible, and created just for children with physical disabilities and sensory processing issues. Brought to you by The
M.O.R.G.A.N. Project, this one-of-a-kind experience based on Snoezelen principals will help you learn how the multi-sensory environment can benefit a child with physical disabilities, autism, or other sensory processing disorders. Stop by for an opportunity for your children to decompress. (Parents are required to remain with children at all times.)

Tonya Bloodgood, Director of Fun
Morgan’s Place
4241 North Highway 1
Melbourne, FL 32935
(321) 506-2707
info@themorganproject.org

**Wildlife Show by Gatorland**
Saturday, June 16
10:30 a.m. to 11:00 a.m.
Regency Ballroom

Be introduced to Florida’s most famous resident and watch as the excitement builds when an American alligator enters the room! You will meet an entertaining Gator Wrangler from GATORLAND who will share stories of close encounters with some of the world’s most feared predators. Then get ready for your own up-close encounter with an American alligator! Learn about wildlife native to Florida. Meet the reptiles, mammals, and birds up close and in person that you don’t see every day!

**Adapted Art Exploration**
Saturday, June 16
10:30-12:00
Coral Spring

The arts provide a wonderful way for children with disabilities to express themselves. This session will be free-exploration time for you and your child to try out adapted tools and materials. Our VSA Florida staff will be here to help you and answer questions. Some items that will be available to try will be iPad music making apps; Makey Makey; Quick Draw paper; raised line drawing boards; larger sized and adapted crayons, brushes, instruments, and more! All participants will leave with a resource list to continue the art making at home.

**Scuba Diving Without Barriers/Adaptive Paddle Board**
Saturday, June 16
10:30-12:30
Quiet Pool

Dr. Gabrielle Gabrielli will build upon last year’s Family Café 2017 Scuba Diving Demonstration. Participants will receive an interactive lecture on Scuba Diving Without Barriers; basic safety, equipment, and the certification process for a sport that can be enjoyed across all ages and all
GET A PLAN!
FLGetAPlan.com
Florida Division of Emergency Management

Be Prepared
Have a Family Emergency Plan

An emergency or disaster may present unique challenges for people with disabilities or access and functional needs. Assess your capabilities, as well as your needs, and create a plan that will ensure your safety in case of a disaster or emergency.

Check List
☐ Build a Disaster Supply Kit
☐ Identify a Support Network
☐ Complete an Emergency Health Card (EHC)
☐ Communicate needs and capabilities with my support network
☐ Arrange an out-of-town contact
☐ Stay informed on local disaster procedures
☐ Develop plan for service animals and / or family pets

Disaster Supply Kit
☐ Water (1 gallon per person per day)
☐ Non-Perishable Food (3 day supply)
☐ Manual can opener
☐ Flashlight and batteries
☐ Battery operated or hand crank radio
☐ NOAA weather radio
☐ First aid kit
☐ At least two week’s supply of medication, medical supplies used regularly and a list of allergies
☐ Information about where you receive medication, the name of the drug and dosage.
☐ Medical records and primary care physician contact information
☐ List of the style, serial number and manufacturer information of needed medical devices
☐ Service animal I.D., veterinary records and proof of ownership
☐ Supplies for your service animal

Go to www.FLGetAPlan.com to build your customized Family Emergency Plan and for information on the Florida Special Needs Registry.
Join Professor Tinkermelster Online

2018 Celebration of Life Ceremony: Honoring Our Loved Ones
Saturday, June 16
11:00-12:30
Manatee Spring II

When we lose someone dear to us we experience deep sadness—longing to know they are fine and that we indeed will see them once again. Coming together into a healing circle—to honor and celebrate one’s loved one—is a powerful way to remember and recognize that we are forever connected in what has been described by many religious and spiritual traditions as the Web of Life.

In this year’s Celebration of Life Ceremony, you will have the opportunity to honor the gifts, talents, and contributions of your loved one, and include your love message in our ceremonial bowl of light. The inspirational ceremony includes the healing sounds of crystal singing bowls played by Jeff Deen and the melodic voices of Brazilian Voices. Dr. Paula Petry will share her own journey through grief and the science that is showing us that indeed life is eternal. She will lead the group in a beautiful guided meditation to experience a deep level of inner peace that lasts forever.

Paula Petry, Ph.D. is an intuitive energy medicine practitioner, author, and presenter. She is one of the founders of Parent to Parent of Miami, Inc. and was part of the faculty at the Mailman Center for Child Development, at the University of Miami. Her life’s work has been inspired by her daughter, Alexandra who was born with a severe disability. Her daughter’s death in 1996 was unexpected and devastating. However, in transcending her pain and suffering, she gained an inner strength and an ultimate knowing that loss is an illusion, as we do indeed never die. Our loved ones are always with us. Joining Paula will be Jeff Deen, Esq., an internationally recognized sound healer and a father of a child with a disability. Participants will be welcomed by the Brazilian Voices, Inc., an award-winning female vocalist group from South Florida who bring their melodic healing voices into children’s hospitals, nursing homes, and cancer centers.

Effective Advocacy with APD
Saturday, June 16
11:00-12:00
Celebration 3

This presentation will provide information on how to effectively advocate for yourself or your loved one when working with the Agency for Persons with Disabilities (APD). When you have a question or problem regarding APD, a Service Provider, or a Waiver Support Coordinator, finding the right persons to talk with can sometimes feel like a challenge. This presentation will guide you in knowing who to contact and when to contact them. It will also provide beneficial tips that will not only aid you in being a strong advocate but will also help you when speaking with the agency, service providers, and Waiver Support Coordinators.
Disaster Preparedness, Response & Recovery
Saturday, June 16
11:00-12:00
Celebration 4

This session will explore lessons learned from Hurricane Irma and the information needed to prepare for, respond to, and recover from disaster emergencies. This session will provide useful information and tools to ensure you and your family are safe during the disasters that can occur in Florida. Preparedness is key to survival, and this workshop will include tips for personal disaster planning, information on the roles and responsibilities of government at all levels, and solutions for the challenges people and communities face. APD staff with many years of disaster training and experience in planning and response will be presenting this session.

Useful Advice for Moving, Transferring, or Transitioning Families with Special Needs
Saturday, June 16
11:00-12:00
Celebration 6

Relocations create additional challenges for families with special needs. This can also include specific challenges for military families encountering difficulties in receiving medical support as they transfer between assignments or families having to relocate due to emergencies. Many families lose valuable
support as they relocate either in state or between states. Similarly, military families lose support as they transition out of service or from active duty to civilian status. This seminar will discuss the types of support available to family members with special needs to help plan and organize their moves and transitions.

Using Multi-Sensory Strategies to Assist Your Child With Dyslexia  
Saturday, June 16  
11:00-12:00  
Celebration 7

Being able to learn and retain new content through the use of multiple sensory pathways (i.e., visual, auditory, tactile and kinesthetic) can have a positive impact on student success. Join us for an informative session to include an overview of the definition, characteristics, resources available and new legislation pertaining to individuals with dyslexia. You will also be able to take part in an engaging, interactive lesson to include teaching ELA standards using the multi-sensory approach. What sensory pathway do you use most to learn?

Find the Passion That Lies Within – Become a Partner in Policymaking  
Saturday, June 16  
11:00-12:00  
Celebration 8

Supports, services, and laws were and are created because passionate people advocate for what is right. The Florida Developmental Disability Council’s advocacy training program, Partners in Policymaking (PIP), teaches adults with developmental disabilities and family members the skills they need to influence policymakers to make things happen. Whether you’re enthusiastic about educational inclusion, furthering employment opportunities, or improving overall quality of life for those with disabilities, PIP can help you discover the advocate you are meant to be. Attend this session to gain knowledge of this national model, where participants learn from highly-recognized speakers, and apply for the class of 2018.

Stacey Hoaglund

Guardianships and Guardianship Alternatives
Saturday, June 16
11:00-12:00
Celebration 12

This session is all about empowering individuals in making an informed choice regarding assisting an individual in the decision making process regarding life choices. Topics will include: self-determination, the supported decision making process, the requirements for the guardianship and guardianship advocate process. The main goal of our presentation is to equip the attendees with the basic knowledge of rights of the adult who may require assistance in making decisions in his/her life.

Employment is the Goal – So, WHAT Are the First Steps?
Saturday, June 16
11:00-12:00
Celebration 13

This session will feature a frank conversation about the soft skills that are needed to better prepare for successful employment. You can never start too early, nor is it ever too late to begin the journey. Lessons learned from both the OCT College program and the employment department will be highlighted.

Living with Epilepsy and Seizure Disorders: Epilepsy 101
Saturday, June 16
11:00-12:00
Celebration 14

This is the first session in a series on epilepsy and seizure disorders. Living with epilepsy and seizure disorders can be challenging. Understanding your condition, including the latest research advances, and learning how to find and use the various resources available to you can empower individuals with epilepsy and their families. Seizure disorders can affect many facets of day-to-day life. We will discuss strategies for dealing with issues like physical and emotional well-being, reproduction and childrearing, and social relationships.
Family Fun with Math
Saturday, June 16
11:00-12:00
Celebration 15

Families can increase math proficiency in their children by playing fun games at home. In this seminar, you will learn some strategies, activities, and games that you can play as a family to increase student success in math.

How Having a Sibling Affected My Childhood
Saturday, June 16
11:00-12:00
Bayhill 18

For a young person with a disability, growing up with a sibling that does not have a disability can affect them deeply. It can also be a challenging experience for the sibling that doesn’t have a disability. The person on either side can feel misunderstood, or like their sibling is receiving special treatment. This session will have siblings with disabilities and siblings without disabilities and explore how it affected both sides growing up.

Helping My Child: Practical Tips for Home and School
Saturday, June 16
11:00-12:00
Bayhill 19

Was your child recently diagnosed with a learning disability? Are you stressed about how they will cope with school? Come learn a few helpful tips and strategies on how to help your student at home and school. With creating a supportive environment, your student will build self-confidence and a strong foundation for success.

Employment Recipes for Success – VR Services
Saturday, June 16
11:00-12:00
Bayhill 20

The Workforce Innovation and Opportunity Act has increased the menu of services and programs available to individuals receiving VR services. This presentation will review the wide variety of services that can be customized to meet individuals’ employment and training needs so that each person receives the support they need for success. It will highlight the new and expanded services available. This session will also allow time to answer frequently asked questions as well provide an opportunity for individuals to make appointments with VR staff to follow up on their individual questions or needs.

Benefits and Tax Savings for Families with Special Needs
Saturday, June 16
11:00-12:00
Bayhill 21

Parents of children with special needs incur a variety of expenses for their child or adult, including therapies, educational training, tutoring, personal care aides, transportation, home modifications,
and medical supplies. Many of these expenses may be tax deductible, but are often overlooked by tax professionals who are unfamiliar with the types and categorization of qualified expenses. These unique tax benefits may entitle parents to additional refunds. Learn how to identify these often missed tax deductions, and other tools available to save on your family’s federal and state income tax. Includes an overview of Life Planning tools for the most protected future for your child, including information on public benefits, special needs trusts, types of guardianship, Medicaid, and SSI. Also, updates on all the states’ new ABLE 529 accounts, which allow $100,000 in savings while retaining SSI and Medicaid Benefits.

Managing the Oral Care System for Individuals with Special Health Care Needs
Saturday, June 16
11:00-12:00
Bayhill 22

The presentation will look at various dental insurance and financing options that may be available to individuals with special health care needs that will allow them to access and utilize oral health care. From managed care and Medicaid, to Obamacare and the Health Insurance Exchange (HIX), to commercial dental insurance, navigating the system is difficult for anyone, let alone a person who may have special needs. The presentation will discuss various options that may be available – both traditional and non-traditional options – and suggest helpful tips on how to navigate the system.

ABLE United: The Basics on ABLE Accounts 2.0
Saturday, June 16
11:00-12:00
Bayhill 23

ABLE United, Florida’s qualified ABLE program, provides new opportunities for people with disabilities and can change the way you plan for short-term expenditures and establish long-term savings. In this session, you’ll learn about how ABLE United could benefit you or your loved ones, how ABLE United helps you save without negatively impacting federal benefits, and how ABLE United differs from other savings options such as Special Needs Trusts.

Writing for Real: Strategies for Home and School
Saturday, June 16
11:00-12:00
Bayhill 25

Parents and teachers alike struggle to assist their students with disabilities when it comes to writing assignments. So, what works? This session will focus on strategies that parents can use at home to encourage both academic growth and an increased interest in writing assignments in courses spanning across all grade levels. Emphasis will be placed on tools and technology that can help students hurdle past some of the common barriers standing in the way of writing success.

Comparing College Programs for Students with Intellectual Disabilities
Saturday, June 16
11:00-12:00
Bayhill 26

This presentation will provide participants with a College Comparison Tool specifically designed to lay out criteria important to students with intellectual disabilities (ID). Participants will gain knowledge of 16 inclusive post-secondary education programs in Florida (and the diversity in programs of study) for students with ID, and the web resources necessary to explore each program further.
Surviving Accidental Submersion (SACS) Aquatic Therapy Cures Paralysis
Saturday, June 16
11:00-12:00
Bayhill 28

Rehabilitation in an aquatic environment provides patients with a unique medium for neuromuscular reeducation and strengthening for children with medical and orthopedic conditions as well as neurological disorders that may reduce the ability to bear weight on the legs, tolerate impact exercise on land, or move against the forces of gravity. We create a special swim program that is designed to provide an educational and therapeutic environment for children with special needs. Surviving Accidentally Clothes Submersion (SACS) is incorporated in all of these important goals.

Moms to Moms
Saturday, June 16
11:00-12:00
Bayhill 29

When we are together as mothers sharing our experience as parents of children with special needs, it feels good! We can empathize and be compassionate to each other and our unique situation. Overtly, we have something in common (our children). We can also learn, laugh, and build friendships. Here is your opportunity to experience all that is mentioned above. We invite you to join us for an interactive, informal, relaxing conversation. Let’s talk about experience and concerns of interest to you!

Families Engaging in Coordinated Systems
Saturday, June 16
11:00-12:00
Bayhill 30

Presentation attendees will learn how state agencies, family and consumer-run organizations, and providers are all working together to create a more comprehensive, coordinated System of Care for the individuals receiving services in Florida. During this presentation we will discuss the core values of a recovery oriented system of care, and share with you how key stakeholders and communities are implementing these concepts, and how you as an individual can get involved.

Can Medical Marijuana Help Those Suffering with Fibromyalgia and other Debilitating Disorders?
Saturday, June 16
11:00-12:00
Bayhill 31

Fibromyalgia and other pain syndromes are hard to treat and so far impossible to cure. With pain so debilitating, some patients are now wondering about trying medical marijuana to ease their pain. Patients using medical marijuana are reporting a positive outcome when using medical marijuana. Medical marijuana can only be prescribed by a physician who is licensed to do so. At this time there are only a handful of providers making medical marijuana available due to the regulations put on this medication. It is the hope of many that soon it will be easier and less expensive as research continues.

Ready, Set, AIM
Saturday, June 16
11:00-12:00
Blue Spring II

Accessible Instructional Materials (AIM) is the first step in providing students access to learning in the classroom. It is important that parents and parent advocates take part in the AIM decision making process to 1. Establish need for instructional materials; 2. Select which type of specialized format(s) are needed 3. Determine how to acquire needed formats in a timely manner; and 4. Consider what supports are needed. Do you want to learn more about Accessible Instructional Materials and explore helpful tools? Join us to identify the key components of AIM and to explore technology tools for academic support.
Early Steps of SWFL Playgroup
Saturday, June 16
11:00-12:00
Orlando Ballroom N

Playgroups provide caregivers the opportunity:
- To socialize with families that can relate to what you are experiencing
- To gain information on community resources
- To find support from other parents and caregivers
- To exchange ideas and solutions to the many challenges that arise

Playgroups offer children the opportunity:
- To interact with peers
- To participate in group play
- To take part in activities that help to stimulate development

Playgroups will be open to all families with a child or children 0-5 years of age.

**Living with the Physiological Issues of Autism: A Personal Story**  
Saturday, June 16  
1:00-2:00  
Celebration 2

Although most people think of autism as being strictly a psychological or developmental disorder, many people with autism experience physiological issues alongside the more classical symptoms of autism. In addition, a growing amount of research suggests that there are physiological issues distinct to having autism, and that autism is just as much a physiological disorder as it is psychological and developmental. Listen to an adult with autism describe his experiences living and coping with these physiological issues, and give advice on how people with autism can effectively manage them.

Understanding Social Security Work Incentives  
Saturday, June 16  
1:00-2:00  
Celebration 4

One of the greatest myths that's ever been told is that people with disabilities can't work and receive Social Security benefits. The workshop will explain how Social Security work incentives can be instrumental in helping individuals maintain their benefits. People often worry about losing their medical coverage. The workshop will assist in educating communities and families about employment and how individuals can work over 15 hours a week and earn above minimum wage. The training will encourage people with disabilities to live, learn, and work in their communities.

The Criminal Justice System and People with Disabilities
Saturday, June 16
1:00-2:00
Celebration 7

Adults and children with disabilities, some as young as five years old, are discriminated against and mistreated every day in the criminal justice system: higher arrest rates, higher conviction rates, stiffer penalties, and a lack of accommodations in jails. This problem is one of truly epidemic proportions, but it is rarely covered by the media. This seminar will give a brief overview on the current situation facing people with disabilities in the criminal justice system as well as current and proposed solutions to the issue.

Health Literacy: I Hear You Knocking, But You Can’t Come In
Saturday, June 16
1:00-2:00
Celebration 12

Like a closed door, a lack of health literacy prevents nearly 90% of Americans from getting the full benefit of any medical advice they receive. Health literacy is the degree to which someone can understand and use health information, whether that information comes from their doctor, the Internet, or friends. Providers who understand health literacy can help their patients open the door to improved health status. Join us for fun activities to demonstrate health literacy and a discussion on how to improve provider-patient communication and how to cross the health literacy chasm between providers, patients, and their families.
Find Your Next Job
Saturday, June 16
1:00-2:00
Celebration 13

Come join us in a panel discussion! Representatives from the Workforce System, Vocational Rehabilitation, Blind Services, and the Agency for Persons with Disabilities will answer questions and tell you how each agency can help you find your ideal job. These agencies can work with you to ensure that you have all the support and services necessary to make finding your next job exciting, fun and less stressful!

Fun! Fun! Fun! Family Fun Ways to Build Essential Skills
Saturday, June 16
1:00-2:00
Celebration 15

Come prepared to be engaged in fun family activities to build essential skills known as executive functioning skills. These skills include impulse control, emotional control, planning/prioritizing, flexibility, working memory, task initiation, organization, and self-monitoring. Most children today spend the majority of their time watching television, playing video/computer games, and being involved in adult-structured activities. This leaves very little time for children to build imagination and self-talk. This session will allow you to experience a variety of games and resources that your family can do together that builds executive functioning skills in fun ways!

Why Not Consider College?! 20 Ideas from Two College Graduates (And Their Mom!)
Saturday, June 16
1:00-2:00
Bayhill 19

More than ever before, students with various abilities and learning differences are heading off after high school to some type of post-secondary education. We hope you consider doing so as well! As young adult college graduates (along with their Mom) now looking back with “20/20” hindsight, we have 20 ideas to consider as next steps to create a path towards post-secondary possibilities. Emily, Mac, and Linda Starnes have presented sessions together over the years, providing strategies, resources, and words of encouragement at a variety of conferences and events – including The Family Café – on topics ranging from advocacy, to transition issues, to faith and disability perspectives.

Provide for Your Child and Plan for Retirement? Not Impossible!
Saturday, June 16
1:00-2:00
Bayhill 21

Don’t miss this knowledgeable, engaging, interactive, and often humorous presentation. Craig Eppy will navigate how to create a special needs plan AND save for your retirement. Touching on subjects such as:

- ABLE accounts
- Protection of government benefits
- Wills
- Trusts
- HIPAA laws and how they can affect direction of care
- Health Care surrogates
- Letter of intent
- Living wills
- Durable power of attorney
- Funding a special needs trust
- Guardianship options
- Accepting a financial gift—what not to do

An hour of your time = a lifetime of information!

Becoming Civically Active and Engaged in 2018 and Beyond...
Saturday, June 16
1:00-2:00
Bayhill 23

This is an interactive session offering participants a step-by-step guide about how to become involved in local communities and on the national level. Among the areas covered will be where to find information that will help people with disabilities and their allies become more informed, as well as concrete guidance on how to engage policy- and decision-makers.

Advocating For Your Child: Navigating Through Your Health Insurance
Saturday, June 16
1:00-2:00
Bayhill 24

The face of healthcare has changed dramatically in the last five years due to legislative influence and a spiraling economy. This has forced health insurance companies to reexamine their policies and how they provide coverage. Under examination, your health insurance company may need to make changes to save money. Their potential savings will come from issuing denials and/or limiting coverage. This is especially true when it involves coverage for children. What do you need to know in an effort to ensure proper coverage for your child? For more info, check out http://www.mitoaction.org/advocating-your-child-navigating-through-your-health-insurance

A Parent’s Tool Kit for Actively Engaging in the IEP Process
Saturday, June 16
1:00-2:00
Bayhill 25

Parents will assemble a tool kit of educationally relevant documentation—the nuts and bolts—and activities that will assist in maintaining records and promoting positive communication, allowing teams to work collaboratively. The tool kit will be utilized so that parents can be prepared, actively listen, and develop a better voice for their cause during IEP meetings. Parents, as project managers, will possess the “tools of the trade,” allowing them to actively engage in the planning of their child’s educational career and be equal members of the IEP Team.
Man Laws for Mom
Saturday, June 16
1:00-2:00
Bayhill 26

This workshop explores reasons why dads do the things that they do related to family involvement. The session looks at why dads sometimes seem to disengage from emotional or stressful family situations. Then the session will look at strategies that can be used to help encourage dad to be more involved with a child with special needs and the additional responsibilities that often surround raising the child.

Creating a Fully Inclusive Waterpark in Florida – Input Wanted
Saturday, June 16
1:00-2:00
Bayhill 28

This interactive workshop will provide an opportunity for you to make suggestions to the team who is working to create Florida's first aquatic adventure experience that is intentionally therapeutic and fully inclusive of people with a large variety of disabilities. Share your experiences and learn how the suggestions from last year are being implemented.

Dispute Resolution, Navigating the Process
Saturday, June 16
1:00-2:00
Bayhill 29

It can be very difficult dealing with the intricacies of navigating the dispute resolution process. Parents need to understand how to resolve disagreements and what is the best tool to use when faced with conflict resolution. Due Process is not always a viable solution. Learn strategies to resolve disagreements within the IEP Team. We will address normal conflict resolution and mediation, and how and when to draft State Complaints, Office of Civil Rights Complaints, and request for Due Process Hearings. The presentation will allow for open dialogue between presenter and participants.

ADD and Executive Functioning / Empowering Well Being
Saturday, June 16
1:00-2:00
Bayhill 31

According to the CDC, 11 percent of school age children have Attention Deficient Disorder. Up to 90 percent of children that have ADD have executive functioning challenges. This presentation is the nuts and bolts of a far more comprehensive PowerPoint that can be emailed and passed forward as an hour and a half in-service to educators, organizations that work within behavioral health, and family members who would like more information. Emotional regulation is a big part of ADHD and has traditionally been ignored. This information was developed with the newest research and will bring enlightenment along with effective tools that will empower those in a school setting and beyond.

It Took a Village—Residents & Parents Share Their Experience
Saturday, June 16
1:00-2:00
Bayhill 32

The Arc Jacksonville Village opened in April 2016. Two years later, let’s check in with a candid panel discussion on independent living. Residents and their parents have learned a great many things. We will look at the whole truth: what did they expect, what did they hope for, what has been the result, the experience, the good and the bad.

What is Assistive Technology? – AT is AT!
Saturday, June 16
1:00-2:00
Blue Spring II

We have often been asked, “What is Assistive technology?” At one point I asked the same question. I was given the Official Definition that “Assistive technology (AT) is any item, piece of equipment, software program, or product system that is used to increase, maintain, or improve the functional capabilities of persons with disabilities.” While that definition gave me some knowledge of what AT is supposed to be, I still didn’t know what AT was. This workshop will take you through my education of what AT is and what it can do for you and those you care about. Our goal is to equip you with a knowledge of assistive technology that you can take into the world to better assist those in your home and community live a fuller, more independent life.

Helping My Child Understand: Reading Comprehension
Saturday, June 16
2:30-3:30
Celebration 1

Children who struggle with reading have difficulty understanding what they read. When children do not understand what they read, it becomes challenging for them to embrace reading. In this session, parents engage in hands-on activities to gain practical knowledge about the meaningful strategies that proficient readers use, based on *The 7 Keys to Comprehension: How to Help your Kids Read It And Get It*, by Susan Zimmerman.

HELP! Our Child’s Challenges Are Affecting Our Marriage
Saturday, June 16
2:30-3:30
Celebration 2

Raising a child with a disability can profoundly impact siblings and the marriage. Financial pressures, sibling confusion, rigorous therapy schedules, irregular sleep patterns, and the like can challenge the most cohesive partnership. However, these hardships don’t have to overtake and consume, but can instead enhance family cohesion, introduce you to the person you were meant to be, and expose gratitude in what others take for granted. Focusing on your relationship might seem like another task on your already long list, but when your relationship is strong, you work better as a team, which can make life better for the whole family.

Resources for Military Families
Saturday, June 16
2:30-3:30
Celebration 6

Being part of a military family can be filled with many surprises, challenges, and opportunities. Part of the military life is moving to new locations every few years or even more frequently. This can be a bit more challenging when there’s a child in the family who has a disability. Fortunately, there is assistance available to support military families. Join us to learn about organizations and resources that will be of help.
Introduction to Discrimination Against People with Disabilities
Saturday, June 16
2:30-3:30
Celebration 7

People with disabilities are subject to discrimination in many areas of life, even if the discrimination is hidden in plain sight. Additionally, solutions are either little-known or hard to obtain. This seminar is designed to assist individuals with disabilities and their families with self-advocacy. The session will briefly cover your rights, where and how a person with a disability may be discriminated against—education, housing, employment, etc.—what remedies are available, and how to access them.

Speakin’ Up & Hangin’ Out: Self-Advocacy as a Means of Socialization for Young Adults
Saturday, June 16
2:30-3:30
Celebration 8

Parents and their children with disabilities often find themselves isolated in young adulthood because the myriad of disability-related opportunities for socialization available to children and transition age students are reduced drastically in adulthood. Members of the thriving Stand-Up for Independence Self-Advocacy Group in Martin and St. Lucie counties will talk about the founding of the group—by parents looking for socialization opportunities for their children—and how the group has successfully combined community advocacy, inclusion, and service with creating a nurturing social family to adult self-advocates. Tips for starting a self-advocacy group will be shared.

Traveling the Seas of Emotions
Saturday, June 16
2:30-3:30
Celebration 9

Traveling the Seas of Families, Feelings & Emotions is part of an interactive training series created by parents of children with disabilities and special health care needs, to help other families understand and participate fully in Florida’s Early Intervention System. The trainings are designed for one-on-one participation with a trainer, or participation in a small group workshop setting. Traveling the Seas of Families, Feelings & Emotions explores how families react, feel and cope upon learning of and living with their child’s disability or developmental delay. Our hope is that this workshop will assist parents and families in coping with the emotional uncertainties to build stronger bonds with their child(ren) and each other.

Autism Roundtable
Saturday, June 16
2:30-3:30
Celebration 10

One of the best ways to link parents/caregivers of children under the Autism Spectrum with current resources and education is to speak to someone who has “been there” and “done that.” This year at The Annual Family Café we will be hosting roundtable conversations where parents can network with other parents to share valuable experiences and proven strategies that have worked for them. If you are new to parenting a child with a disability or have a particular challenge your family is facing, this session may provide the support and guidance you need. This roundtable will be dedicated to Autism. Come and make new friends!

Assistance Animals for Persons with Autism, Developmental, or Intellectual Disabilities
Saturday, June 16
2:30-3:30
Celebration 12

Service dogs can be trained to assist persons with autism from eloping or other behavior that may be dangerous; however, persons with intellectual or developmental disabilities can also have a dog or other animal to assist with other disability related behaviors, to assist in therapies, or for socialization.
We will discuss the legal rights and requirements under the Fair Housing Act and the Americans with Disabilities Act for these assistance animals.

Elevating Youth Advocates to Young Professionals: 
The Next Evolution 
Saturday, June 16 
2:30-3:30 
Bayhill 18

Transition happens for all young adults, and youth entering the field of advocacy are no exception. This workshop includes and builds on the “Youth Advocate to Advocate for Youth” workshop. Young adults utilizing personal experiences need additional support in learning to apply these in a professional setting as they transition from being a ‘youth advocate’ into an ‘advocate for youth’ and continue their journey to ‘young professional.’ This workshop provides guidance and tip sheets both for the young advocate in transition and the adults who provide professional development support. Guide is available for free download at http://www.pathwaysrtc.pdx.edu/pdf/pb-Youth-Advocacy-Guide.pdf.

ABCs and 123s of SNTs (Special Needs Trusts) 
Saturday, June 16 
2:30-3:30 
Bayhill 19

What is a Special Needs Trust (SNT)? Why should a family consider creating one? We will discuss SNTs and their valuable ability to protect resources and benefits for individuals with special needs. We will learn about and compare the various types of Special Needs Trusts. Attendees will learn of cost-effective ways to establish SNTs and provide a sound, reliable plan to look after their financial legacy for their children or family member.

Your Winning Ticket: Making Work Pay – Understanding Vocational Rehabilitation, Social Security, Medicare and Medicaid Benefits Planning with Vocational Rehabilitation
Saturday, June 16 
2:30-3:30 
Bayhill 20

In this session, we will discuss the employment of persons with disabilities and the impact of employment on Social Security benefits, Medicare, Medicaid and Medicaid waivers. We will provide updates to the programs including Partnership plus and upcoming changes. Experts from Vocational Rehabilitation and DCF/ACCESS will discuss how benefits are affected and can be maintained
through Ticket to Work, SSI and SSDI employment support programs, and the use of trusts for maintaining Medicaid eligibility, all in plain and understandable language.

**My Money and Making a Plan – Understanding Credit and the Credit System**

Saturday, June 16  
2:30-3:30  
Bayhill 21

The My Money Program created by the Florida Department of Financial Services is a financial literacy program designed for individuals with developmental disabilities. This financial education curriculum will provide an interactive, engaging way for Floridians to learn about finances and the knowledge necessary to work towards financial independence. The module Understanding Credit teaches students about the different kinds of debt, types of loans, credit cards, how to manage purchases made on credit, understanding the credit bureau system, how to access a credit report, and how to build good credit.

**The Unseen Special Need**

Saturday, June 16  
2:30-3:30  
Bayhill 22

This highly inspiring faith-based session will be unlike any that you may have attended and is open to anyone who desires to be strengthened and encouraged in your personal development, family,
marriage, and relationship. Learn key principles of how to navigate through the challenges of life and to be spiritually equipped to face the “Unseen Special Need” that we may encounter on a daily basis. Many unseen special needs are so deeply hidden that their existence has been locked away. Experience a motivating message to help you live more victoriously over the pressures of life! This session will enable you to move forward...through the power of God!!! Pastor William Alexander knows first hand of having to overcome challenges in life at a young age. His jovial mannerism and unique motivational delivery is a testament to a life that refused to be stifled and hindered by circumstances that few knew that he encountered growing up.

A native of Compton, California, he resides in Tallahassee, Florida with his wife, Tracey, where they pastor Vessels of Joy Church.

2018 Legislative Issues and How to Make Your Voice Heard!
Saturday, June 16
2:30-3:30
Bayhill 24

The presentation begins with a report on the Florida Developmental Disabilities Council’s 2018 Legislative Platform and all the legislative outcomes for individuals with developmental disabilities and their families from the 2018 Legislative Session. Advocacy techniques that were used will be illustrated for self-advocates and their families so that they can understand how to advocate and how they can truly have an impact on the process. The importance of registering to vote and other advocacy techniques for participants will be included to encourage those who want to learn about the legislative process and educate their lawmakers about the needs of individuals with developmental disabilities.
Refusing To Lose
Saturday, June 16
2:30-3:30
Bayhill 25

When told that her young daughter had a very rare, progressive brain disease, Stephanie thought things couldn’t be darker. Then, to learn the only way to save her child was an unimaginable brain surgery that would leave her daughter paralyzed and forever changed was even more difficult to comprehend. In this session, you will learn Stephanie’s secrets to success to not only surviving, but thriving through the challenges you encounter as a parent to an Extra Needs child. Learn to transform life’s negatives into positives, emerging as a happier, more balanced person, and in doing so, leading your child and family to a new normal.

Letting Go: Time to Land the Helicopter
Saturday, June 16
2:30-3:30
Bayhill 26

The Letting Go: Time to Land the Helicopter workshop examines the importance of encouraging independence in a child with special needs. The workshop also discusses how hard it can be for parents to step back and offer increasing levels of freedom to the child to allow the child to develop that independence. Finally, the training offers some ideas for parents in learning how to let go in a constructive fashion.

Transition Planning, High School and Beyond
Saturday, June 16
2:30-3:30
Bayhill 29

The transition process for students with disabilities is complicated. Experience the transition process from the perspective of a student who has navigated the process from High School to Post Secondary, and an Education Attorney. Students and parents will learn the importance of preparing an appropriate transition plan. Also covered will be accommodations to assist the student in accessing appropriate post-secondary options and accommodations, a discussion of the importance of related services and assistive technology, and the role of the Division of Vocational Rehabilitation.

The Recovery Oriented Community—What is Your Role?
Saturday, June 16
2:30-3:30
Bayhill 30

Florida’s Recovery Oriented System of Care (ROSC) focuses on a paradigm shift in behavioral health service delivery. As a result of the dissemination of ROSC values and concepts, community stakeholders and behavioral health provider systems are understanding the urgency and need to implement recovery-oriented concepts and to improve quality of life outcomes for individuals served. Everyone plays a role in building a community that is recovery oriented. It is imperative that we promote community integration, community health and wellness, develop better partnerships to achieve common goals and increase peer-based recovery support services. The state of Florida is working to provide more opportunities for people in recovery and their families to give feedback to the system. The faith based community also plays an important role in recovery as part of the support system for individuals and families. In this session we will look at the progress of ROSC in the state of Florida and the roles of peers and community leadership.

Assistive Technology to Promote Independence for Seniors
Saturday, June 16
2:30-3:30
Blue Spring II

The presentation highlights changes people face as a result of the aging process, how these changes may impact daily life, and assistive technology solutions to help seniors regain their independence.
Meet APD Director Barbara Palmer
Saturday, June 16
2:30-3:30
Plaza International Ballroom

Florida Governor Rick Scott appointed Barbara Palmer director of the Agency for Persons with Disabilities in August 2012. Over the past four years, APD has offered 6,000 people on the waiting list home and community-based services through the iBudget Florida Medicaid waiver. Come and hear about Director Palmer’s priorities for the agency.

Surviving Accidental Submersion (SACS)
Aquatic Therapy Cures Paralysis
Saturday, June 16
2:30-3:30
Quiet Pool

Rehabilitation in an aquatic environment provides patients with a unique medium for neuromuscular reeducation and strengthening for children with medical and orthopedic conditions as well as neurological disorders that may reduce the ability to bear weight on the legs, tolerate impact exercise on land, or move against the forces of gravity. We create a special swim program that is designed to provide an educational and therapeutic environment for children with special needs. Surviving Accidentally Clothes Submersion (SACS) is incorporated in all of these important goals.

Living Well without Wheat and Glutens
Saturday, June 16
4:00-5:00
Celebration 1

This presentation will review some of the research and findings contained within Dr. William Davis’ book entitled *Wheat Belly* and will propose practical solutions, lifestyle changes, and recipes for living wheat and gluten free. Many individuals have chosen, or are exploring, a gluten-free diet for personal reasons related to health. The presenter will share published medical information about wheat and its effect on the body, and advice on how one can achieve a goal of gluten-free living in a modern world of processed foods.

Becoming the Caregiver of Your Adult Sibling
Saturday, June 16
4:00-5:00
Celebration 2

This program will consist of a PowerPoint presentation that will outline the future needs of an individual with disabilities, how those needs change over time and what a sibling can do to prepare for when they step into the role of guardian, advocate, and/or caregiver. The ever-changing rules and regulations of the disability community can make this a challenging event in one’s life. The tools, resources, and helpful anecdotes from siblings who are currently caring for their siblings will offer a new and innovative way of looking at the care of your loved one.

Join Family Care Council Florida as We Celebrate our 25th Anniversary “Still Going Strong!”
Saturday, June 16
4:00-5:00
Celebration 3

We’ve learned from our past; and as we celebrate our present, we look to the future! Come explore our history and gain knowledge of the Family Care Councils as we EDUCATE, ADVOCATE, and EMPOWER self-advocates with developmental disabilities and their families. Take away from this celebratory workshop the knowledge that together we can, and we will, make a difference in the lives
of individuals with developmental disabilities, our family members, and our community.

**Inspiration and Encouragement for Military and Veteran Families with Special Needs**  
Saturday, June 16  
4:00-5:00  
Celebration 6

Deployment into active duty and re-entrance into civilian life can be challenging transitions for military families. Robert E. Streater, III, MA (U.S. Army Veteran) offers words of encouragement through
personal stories and biblical truths, along with inspiration and encouragement for active military and veteran families with special needs. The audience will explore tools to help them deal with transition issues such as post-traumatic stress, financial hardships, wounded relationships, and raising a child with special needs. This workshop is custom designed from the perspectives of both a military service person and a parent of a child with special needs. This insightful workshop not only offers encouragement to military families, but also includes suggestions on how others can provide support.

The Anime Connection: Utilizing Anime, Manga, and Related Media to Teach Disability Awareness
Saturday, June 16  
4:00-5:00  
Celebration 7

Many people with disabilities are fans of Japanese anime and related media, belong to the anime fan community, and have made many lasting friendships at anime conventions. In addition, many anime series, and related media, discuss issues pertinent to people with disabilities—such as bullying, sensory sensitivities, and the stigma of being labeled. In this presentation, listen to two fans of anime and related media with disabilities discuss how anime and related media can be utilized to teach people awareness of varying disabilities, and how participation in the anime fan community has helped them improve their social functioning.

Become Successful in Advocacy by Practicing Leadership Skills
Saturday, June 16  
4:00-5:00  
Celebration 8

Parent involvement is vital to the outcome of our children’s progress in general. But, why is it important? What are the benefits? Most importantly, how can a parent practice good leadership skills to have success? During this session, I will share some tools and strategies that I have learned and practiced along the way—with success. I will help you to find out the answers to the question above as it relates to your individual situation. Join us for an interactive learning session.

Navigating the Response to Intervention Process (RtI)
Saturday, June 16
4:00-5:00
Celebration 10

This presentation will focus on educating parents on the Response to Intervention (RtI) process. We will explain what the RtI process is, how parents can be involved in it, and what happens next. The main goal of this presentation is to equip the attendees with the basic knowledge to be prepared to handle discussions with a school district related to the Response to Intervention and Eligibility Process.

The Wallet Card: A Tool for Successful Interactions with Police
Saturday, June 16
4:00-5:00
Celebration 12

This is a training for high-functioning teenagers and young adults with Autism Spectrum Disorders (ASD) or Intellectual/Developmental Disabilities (ID/DD) and their families about how to interact successfully with law enforcement. The presentation will introduce the Wallet Card, one of Disability Independence Group’s signature projects, created in partnership with the Coral Gables Police Department and UM-NSU CARD. The purpose of the Wallet Card is to assist an individual who may
have difficulties communicating or expressing themselves in an emergency situation and to assist first responders in identifying an individual’s disability related needs to help them better understand the circumstances.

Making the Magic: Finding Work in Orlando’s Theme Parks and Attractions

Saturday, June 16  
4:00-5:00  
Celebration 13

Mandy and RJ worked in some of Orlando’s biggest attractions and want to share their expertise on how they got hired and what they faced as persons with disabilities. Learn how Mandy made the cross-country trek to work for Disney and how she ended up on the opening team of Volcano Bay despite being legally blind, and learn how RJ used his Aspergers and ADHD to his advantage in order to chase his childhood dream of working Halloween Horror Nights.

ABC’s of Special Needs Trusts and Guardian Advocacy

Saturday, June 16  
4:00-5:00  
Celebration 14

This informative workshop is designed for parents, guardians, and advocates of individuals with special needs. Attorneys Sarah AuMiller and Peggy Hoyt will discuss the importance of legal and estate planning for families with special needs. A family member with special needs creates an added layer of complexity to estate planning—the need for advanced trust planning and guardianship. In this workshop, you will learn the basics of special needs trusts—both first party and third party trusts, including why they are important for protecting government benefit eligibility and providing lifetime protection for vulnerable individuals. We will also explore both guardianship and guardian advocacy—when each is appropriate and why they are essential for the protection of your loved ones.

Teamwork! Services for Students with Visual Impairments and Additional Disabilities
Saturday, June 16
4:00-5:00
Celebration 15

If your child is visually impaired and you want to know more about the Vision and/or Orientation and Mobility services they are receiving … this session is for YOU! Join the teachers of the visually impaired and orientation and mobility specialists from the Florida Instructional Materials Center for the Visually Impaired as we discuss collaborative teaming in providing individualized services for students who have visual impairments co-existing with cognitive and/or physical disabilities. The saying that “It takes a village” truly applies for ensuring the students are receiving the time, type, and intensity of instruction and accommodations that allows them to properly access their environment. This session will focus on the role of the teacher of the visually impaired and the orientation and mobility specialists (O&M) in working with the student, classroom team and families.

**The VR Kids Menu Smorgasbord**
Saturday, June 16
4:00-5:00
Bayhill 20

The Workforce Innovation Opportunity Act (WIOA) has increased the menu of programs and services that Vocational Rehabilitation (VR) can offer to students with disabilities 14-21 years of age. This presentation will walk through all of the Pre-Employment Transition Services and Transition Youth Programs available to help youth transition into training, education, and employment beyond high school. New, faster, easier ways to access services will be shared. We will also discuss the wide variety of Transition Youth Programs specially catered to serving youth with the most significant disabilities.

ABA Therapy: History, Resources, and What to Expect
Saturday, June 16
4:00-5:00
Bayhill 22

If you are considering Applied Behavior Analysis (ABA) therapy for your child, have mixed thoughts about ABA, or want to learn about positive behavior change interventions, then this is a presentation for you! The presenter will provide brief overviews of the history of ABA, how to see through the eyes of a Behavior Analyst, and what to expect if your child begins ABA therapy services. Come prepared with pen and paper to collect information on behavior analytic resources that will be discussed, and a camera if you would like to take pictures of the information on the PowerPoint slides.

Social Security Overpayments
Saturday, June 16
4:00-5:00
Bayhill 24

An overpayment of Social Security or Supplemental Security Income (SSI) benefits occurs when an individual receives more money from the Social Security Administration for any period than the amount that should have been paid. This presentation will review how overpayments occur and examine what can be done when someone receives a notice of an overpayment from the Social Security Administration.

The Times Building
Can I Go to Camp Too? Planning for the Fun, Freeing Life of Overnight Camp
Saturday, June 16
4:00-5:00
Bayhill 28

Attending overnight camp is part of the American experience. Yet many times individuals with varying abilities miss out on this fun and freeing experience. Happily, more opportunities for everyone have become available. However, whether choosing a local weekend camp or braving the opportunity for a loved one to stretch their wings far from home at a full camp session, there are stepping-stones of preparation for a successful and safe time away. This interactive session provides evidence-based research, practical strategies, current resources, and encouraging insights on the many benefits of camp—from skill-building to steps toward greater in(ter)dependence. Individuals, families, educators, service providers, anyone interested in the positive aspects of camp recreation, leisure, and healthy well-being will enjoy this session (and maybe even score some campfire treats!).

**The Importance of Early Assisted Mobility in Children with Disabilities**
Saturday, June 16
4:00-5:00
Bayhill 32

Mobility is important for normal cognitive and social development in children. Independent mobility results in the development of depth perception and object permanence, and it prevents the development of learned helplessness. As children with disabilities have difficulty crawling and walking, augmented mobility is very important. The effects of mobility on development will be discussed. This talk will include research on the use of powered mobility on development. This talk will include research on the use of powered mobility devices in very young children, including the use on non-conventional devices. The positive effects of mobility and how this applies to children with mobility limitation will also be discussed.

FRIENDS CHOIR
FRIENDS Choir is a music program for students with significant intellectual disabilities in Martin County. The singers come from 6 schools to Jensen Beach High School every week to practice. There are 10-15 typical students that assist at practice times. The goals for FRIENDS are:
- A place to exhibit the talents and abilities of students with disabilities
- A social atmosphere to get to know and learn about other students
- An awareness for others to see and appreciate what people with disabilities CAN do
FRIENDS began in 1989 and has grown consistently through the last 28 years. Come hear us sing!

Saturday, 12:30 p.m. to 1:00 p.m.  FRIENDS Choir, Foyer
Saturday, 2:00 p.m. to 2:30 p.m.  FRIENDS Choir, Foyer

Everyone Can Be a Superhero Zumba!

Anyone and everyone can dress up like a superhero and Zumba®!
Our motto is “there are no wrong moves, just unexpected solos.” Join us for a morning of fun and exercise! Be creative!

Saturday and Sunday,
8:00 a.m. to 9:00 a.m., Regency Foyer

Yoga
Saturday, 8:00 a.m. to 9:00 a.m., Peacock Spring
Think your kid won’t sit still? Don’t worry about it, nobody’s kids sit still! Are you or your loved one in a wheelchair? No worries. Everything will be adapted. This is Family Yoga for the Special Child kids group class and adults can come, too. It moves at an appropriate speed for children, but offers just the right challenge for adults, too!

Rubber Duck Race
9:30 a.m. to 10:15 a.m., Main Pool

Quack! … Quack! … Imagine not one, not a dozen, but hundreds of ducks racing down the water slide towards a finish line where you (and hundreds of other humans like you) cheer on your adopted duck, hoping it will finish first and win you the Big Prize. Prizes include Gatorland passes, a giant floating duck, and more!

Here’s how you can participate: During The Family Café, purchase your little rubber ducks at the Florida Disabled Outdoors Association booth. FDOA will keep the ducks all together and you will be provided with your duck number. At 9:30 a.m. on Sunday, the ducks will be placed at the top of the slide at the starting line, and race down the river to the finish line. If your duck is one of the winners, you will be one of the lucky recipients of an amazing prize. There are only 500 ducks, so don’t miss your chance!!
Micah is thrilled to be part of the amazing cast and crew of the ABC Network Television show, *Speechless*. At age 15, Micah made his feature film debut as “Barry” in Jason Reitman’s *Labor Day*, opposite Kate Winslet and Josh Brolin.

Micah was recently named to Forbes’ 30 Under 30 – Class of 2018, which acknowledges the inspiring work of young entrepreneurs and youthful visionaries. Micah is honored to have been chosen to stand alongside such extraordinary individuals making a difference in our world today.

Sharing their personal journeys of pursuing Acting Careers, Micah and Kelsey Fowler will share from their personal experiences of relentlessly chasing their dreams, living with passion, and living life with purpose. They will challenge society’s perceptions and definitions of “disabled” and “normal,” and discuss a gem they learned along the way, the power of the words you speak. To close, they will open the floor for a Question and Answer session followed by a meet and greet with photo opportunities.

- Save while maintaining government benefits
- Save with the help of friends and family

ABLE United
Save for a better life experience

ableunited.com  |  888-524-ABLE (2253)
When we lose someone dear to us we experience deep sadness - longing to know they are fine and that we indeed will see them once again. Coming together into a healing circle - to honor and celebrate one’s loved one is a powerful way to remember and recognize that we are forever connected in what has been described by the Native Americans as the Web of Life.

In this year’s Celebration of Life Ceremony, everyone will have the opportunity to honor the gifts, talents, and contributions of their loved one - and to include their message to their loved ones in our ceremonial bowl. The inspirational ceremony includes the healing sounds of singing bowls played by Jeff Deen and the melodic voices of Brazilian Voices. Dr. Paula Petry will share her own journey through grief - and the science that is telling us that indeed life is eternal. She will lead the group in a beautiful guided meditation that will bring a deep level of inner peace.

PROGRAM FACILITATORS
Paula Petry, Ph.D. is an intuitive energy medicine practitioner, author, and presenter. Her work has been inspired by her daughter, Alexandra who was born with a severe disability. Her daughter’s death in 1996 was unexpected and devastating, however as Paula transcended her grief, she gained an inner strength and an ultimate knowing that we do indeed never die. Joining Paula will be members of the Brazilian Voices, sound healer Jeff Deen, and expressive artist Dana Pezoldt.
JOB HUNTING?
WE SHOULD TALK.

The CareerSource Florida network of nearly 100 career centers have professional Disability Specialists and Disabled Veterans Outreach Program Specialists available to help you find the right training or land a great job.

AS SUMMER COMES TO AN END, JOIN THE FLORIDA YOUTH COUNCIL FOR ONE BIG LAST HURRAH AT THE 11TH ANNUAL YOUTH SUMMIT (AYS) ON AUGUST 3 - 4 IN ORLANDO!

The Annual Youth Summit is a place for young people with disabilities between the ages of 15 and 30 from communities across the state of Florida to come together to lean, share, and network. This two-day event is hosted by The Florida Youth Council, a group of youth and emerging leaders with disabilities who have a passion for encouraging leadership and advocacy among their peers. The FYC is all about youth empowerment and youth involvement, and the entire Annual Youth Summit is planned by youth, for youth!

The 11th Annual Youth Summit will bring together over 200 youth and emerging leaders to attend engaging youth-only sessions on a wide variety of topics, including transition, workplace preparedness, and post-secondary schooling. We also have a great, youth-friendly keynote and fun social activities planned for The Summit, including a dance party to cap off the festivities. There will be plenty of opportunities for attendees to network, and share their thoughts, experiences, and aspirations.

The 11th Annual Youth Summit will be held at The Florida Hotel and Conference Center on Orlando August 3-4, 2018. If you are not requesting financial assistance please contact The Florida Hotel and Conference Center directly at 407-859-1500 to make reservations. The room rate is $109 per night. Limited financial assistance is available. For more information about the event, or to register, contact The Florida Youth Council and The family café at 888-309-2233, or visit www.FloridaYouthCouncil.com

Come to the Florida Youth Council booth in the Exhibit Hall and register for The 11th Annual Youth Summit.

WE'LL SEE YOU THERE!
Take the World by Storm
